The 2019 Spring Conference is going to be similar to breakout sessions done in some years past, but with a twist. We have continued with breakout session structure, pre-solicited topics of interest from a statewide survey to help us get going more quickly, and added some topics for the good of the order. There will be excellent presenters. We expect this to be a great learning opportunity that is also a great time.

The **IHSCDEA** is an ISBE approved provider of professional development activities. Our number is 100605. Participation in these professional meetings will allow Illinois teachers to claim credits toward certificate renewal. We pride ourselves on providing Illinois Driver Educators with research-based strategies and skills that accomplish common core standards and best practices.

One (1) CPDU will be awarded for each hour of attendance. All the specific forms needed for credits will be issued at the **conclusion of each meeting**. See Deb Twenhafel at the registration desk for assistance in getting your CPDUs.
